

Prepare Your Facility for Reopening During COVID-19

Let us help you prepare your facility for reopening during COVID-19. Following CDC protocols, we provide the products and programs you need in place for employee and customer well-being and safety.

Complete Hand Hygiene Program

Implement our Symmetry Hand Hygiene Program that includes products, dispensers, and customized tools to promote education, awareness, and motivation to practice proper hand hygiene.

Symmetry hand hygiene products, dispensers, and customizable tools that cater to your facility's needs.

Enhanced Cleaning and Disinfecting Program

Frequently clean and disinfect high touch objects, surfaces and areas using products that have been approved by the US Environmental Protection Agency (EPA) for use against SARS-Related Coronavirus 2 (SARS-CoV-2) [cause of COVID-19]. Our Eco® Proportioning Program is fully integrated with effective, hermetically sealed products, including disinfectants that have been approved for by the EPA use against COVID-19 and emerging pathogen disinfectants, for any application.

Microban Antimicrobial Product Floor Protection

Provide an added level of 24/7 proactive protection against damaging microbes with Clarion® 25 Microban Antimicrobial Floor Finish and Arena® 300 Microban Antimicrobial Wood Floor Coating.

Training Programs

Receive in-depth training, presenting the proper products and procedures to meet your facility's highest cleaning standards complete with step-by-step manuals and customized training wall charts.

Buckeye® For information or questions on Buckeye Eco, please contact the Buckeye International, Inc. 800.321.2583

Eco Pro®

The Eco proportioning unit is a compact and convenient system that utilizes flexible packaging and proprietary technology to automatically dilute chemistry for cleaned cleaning.

Follow these steps for proper usage:

1. Use with cold water. Turn water "ON" at the faucet.
2. Select desired product by either pressing one of the green buttons (#3 or #4) for autocribber or mop bucket fill, or by filling a quart bottle by activating one of the low flow switches by inserting the desired 5-inch hoses (#1, #2, #5 or #6) into a quart bottle and pushing back on the switch.
3. When finished diluting the product, turn water "OFF" at the faucet.

Do Not Cross Connect Quick Connect Lines
For correct connection, match up panel number with Eco Cleaner line label, e.g.:

E12	E14	E23	E33	E15	E16
Glass Cleaner HD	Muscle Cleaner	Neutral Disinfectant	Floor Cleaner	Hydrogen Peroxide Cleaner	Acid Cleaner
Buckeye Eco Glass Cleaner HD is a concentrated glass cleaner for use on glass, windows, mirrors, Plexiglas®, Formica®, plastic, and glossy painted surfaces. Apply E12 to the areas to be cleaned and wipe dry with a lint free cloth or paper towel.	Buckeye Eco Muscle Cleaner is a concentrated muscle cleaner for use on hard surfaces such as desks, lockers, chairs, plastic, Formica®, vinyl and any nonporous surface. Apply E14 with a cloth, sponge or a trigger sprayer. <i>Note: Buckeye Eco Muscle Cleaner may be harmful to some plastics. Test on a hidden area before use.</i>	Buckeye Eco Neutral Disinfectant is a one-step germicidal detergent and disinfectant. It is safe on all floor finishes and may be sprayed on all hard surfaces. Apply E23 to your sinks, toilets, urinals and bathroom fixtures and floors. Allow E23 to dwell for 10 minutes prior to wiping clean. Apply E23 with a cloth, sponge, trigger sprayer or mop.	Buckeye Eco Floor Cleaner is a super concentrated floor cleaner for use on all types of floors where water may be safely used. Apply E33 with an autocribber or mop.	Buckeye Eco Hydrogen Peroxide Cleaner is a concentrated, general purpose cleaner for use on hard surfaces such as floors, walls, restroom fixtures and other surfaces where water may be safely used. Apply E15 with a cloth, sponge, trigger sprayer bottle or mop.	Buckeye Eco Acid Cleaner is a concentrated cleaning acid cleaner designed to remove hard water deposits, standing water rings, and soap scum buildup from multiple surfaces. Apply E16 with a trigger sprayer.

*This product meets Green Seal® Standard GS-27 based on effective performance, concentrated volume, microdose/ready packaging and protective films on VOCs and human & environmental toxicity. GreenSeal.org

Social Distancing Signage

Apply clearly marked customized social distancing signage at entrances, on floors, on walls, on carts, and at registers.

Social Media Support

Share these comprehensive measures your facility is implementing to prepare for reopening during COVID-19 via social media. **We can work with you to develop customized graphics for posting.**

During these uncertain times, you can be certain we are committed to providing the products and customized programs your facility needs to meet the highest cleanliness and preparedness standards.
