

Cleaning Your Restaurant During COVID-19

Let us help you stay prepared during COVID-19. Following CDC protocols, we provide the products and programs you need in place for patron and staff well-being and safety.

Complete Hand Hygiene Program

Implement our Symmetry Hand Hygiene Program that includes products, dispensers, and customized tools to promote education, awareness, and motivation to practice proper hand hygiene.

Symmetry hand hygiene products, dispensers, and customizable tools that cater to your facility's needs.

Enhanced Cleaning and Disinfecting Program

Frequently clean and disinfect high touch objects, surfaces and areas using products that have been approved by the US Environmental Protection Agency (EPA) for use against SARS-Related Coronavirus 2 (SARS-CoV-2) [cause of COVID-19]. Our Eco® Proportioning Program is fully integrated with effective, hermetically sealed products, including disinfectants that have been approved for by the EPA use against COVID-19 and emerging pathogen disinfectants, for any application.

Enhanced Restroom Cleaning and Disinfecting Program

Training Programs

Receive in-depth training, presenting the proper products and procedures to meet your restaurant's highest cleaning standards complete with step-by-step manuals and customized training wall charts.

Buckeye® For information or questions on Buckeye Eco, please contact the Buckeye International, Inc. 800.321.2583

Eco Pro®

The Eco proportioning unit is a compact and convenient system that utilizes flexible packaging and proprietary technology to automatically dilute chemistry for desired cleaning.

Follow these steps for proper usage:

1. Use with cold water. Turn water "ON" at the faucet.
2. Select desired product by either pressing one of the green buttons #3 or #4 for autoscrubber or mop bucket fill, or by filling a quart bottle by activating one of the low flow switches by inserting the desired 5-mil hoses (#1, #2, #5 or #6) into a quart bottle and pushing back on the switch.
3. When finished diluting the product, turn water "OFF" at the faucet.

Eco Bag Installation Instructions

Do Not Cross Connect Quick Connect Lines
For correct connection, match up panel number with Eco Cleaner line label, e.g:

E12 Glass Cleaner HD	E14 Muscle Cleaner	E23 Neutral Disinfectant	E33 Floor Cleaner	E15 Hydrogen Peroxide Cleaner	E16 Acid Cleaner
<p>Buckeye Eco Glass Cleaner HD is a concentrated glass cleaner for use on glass, windows, mirrors, Plexiglas®, Formica®, plastic and glossy painted surfaces.</p> <p>Apply E12 to the areas to be cleaned and wipe dry with a lint free cloth or paper towel.</p>	<p>Buckeye Eco Muscle Cleaner is a concentrated muscle cleaner for use on hard surfaces such as stainless, lockers, chairs, plastic, Formica®, vinyl and any nonporous surface.</p> <p>Apply E14 with a cloth, sponge or a trigger sprayer.</p> <p><i>Note: Buckeye Eco Muscle Cleaner may be used on recessed plastics.
